- \* Means that the rose is in commerce and currently available. This does not include those rose obtainable only by custom budding or available only through purchase at the nursery. There are thirteen so listed.
- # Fred Boutin is a botanist who is one of the founders of the Sacramento City Cemetery Garden, collector of over 200 'found' roses in Tuolumne County, and a major agent in the re-introduction of 'found' roses into commerce. He well deserves the felicitous description of him by Jeri Jennings: 'Redoubtable Rose Rescuer.'
